Program Description: A significant number of adolescents enter middle school unable to read and understand complex informational or narrative text. These students would benefit from a multi-tiered system of supports that provide responsive reading instruction across tiers of a Response to Intervention Model. The overall goal of this professional development session is to provide general and special education teachers, content area teachers, administrators, and support staff with foundational knowledge regarding best practices for older students who struggle to read.

Topics:
- Profile of the Adolescent Struggling Reader
- Responsive Reading Practices Across the Tiers
  - Word Study
  - Fluency
  - Vocabulary
  - Comprehension
  - Motivation

About the Presenter: Dr. Anita Archer is an educational consultant to schools on topics related to explicit instruction, instructional design and delivery, behavior management, and literacy instruction.
