

# 2013-14 RtI WEBINAR SERIES

Sponsored by the NYS RtI TAC

## SAVE the DATES!

### STRAND #1: THE BASICS OF RTI

**Description:** This strand features three (3), one and a half hour webinars designed to provide participants with an introduction or overview of the critical features embedded within a RtI framework. Emphasis will focus on infrastructure issues which need to be addressed within a RtI prevention model. Discussion regarding how RtI fits within existing school reform initiatives, such as Common Core, will be presented. Case study examples from NY state's RtI pilot schools will be used to illustrate and exemplify critical concepts. Tools to assess schools and districts with RtI implementation will be discussed and provided.

**Intended Audience:** *The Basics of RtI* is intended for school personnel who have some knowledge of RtI and wish to extend their understanding of RtI as a prevention model or for those interested in a refresher regarding basic RtI components. This workshop is also applicable to school personnel who are interested in examining their existing RtI model against critical components that will be highlighted in this webinar series.

**Presenters:** Dr. Daryl Mellard, University of Kansas; Dr. Theresa Janczak, NYS RtI TAC

Webinar Title:	Date/Time:	Agenda
RtI Basics	November 4th, 2013 4:00 – 5:15pm.	<ul style="list-style-type: none"><li>• Defining RtI as multi-tiered prevention system</li><li>• Rationale</li><li>• Purpose</li><li>• Critical Features</li><li>• RtI and Common Core</li></ul>
